

NOTICE

Postal Regulations Make it Necessary that we discontinue mailing papers to persons who are behind with their subscriptions to The Marlinton Journal. During the past several years we were allowed by the authorities to continue sending papers to those who could not afford to pay, we are now faced with the necessity of dropping many who could pay, but have neglected to do so.

Through an agreement the date for dropping delinquent subscribers has been set for April 1. We are not asking full settlement from those on whom it would work a hardship, but merely requesting that you pay whatever amount possibly at the present time.

POCAHONTAS COUNTY POTATOES THE BEST

Above is a view of the vast potato field on the up-to-date farm of G. M. Sharp, above Minnehaha Springs. Mr. Sharp is one of the leading potato growers of the Greenbrier Valley.

Pocahontas county is fast taking rank along with Maine as the leading potato producing section of the United States and the product of this county is of a far better variety than that of the northern state.

This year approximately 2,000 acres of potatoes have been under cultivation in the county and from the yield of the early spuds it is estimated that the total yield for the year will go far over the 200,000 bushel mark. Under the supervision of C. P. Dorsey, county agent, the farmers of Pocahontas county have started raising this commodity on a greatly increased scale and it is expected that some 300,000 bushels will be produced next year.

The Fair Association has recognized the importance of this farm product and have inaugurated a special Potato Show for the fair this year and are offering the following prizes:

Green Mountain, one peck	\$2.00	1.50	1.00
Russett Ruralis, one peck	2.00	1.50	1.00
Smooth Ruralis, one peck	2.00	1.50	1.00
Irish Cobbler, one peck	2.00	1.50	1.00
Any other variety	2.00	1.50	1.00

Upon the invitation of the Staunton Fair Association the winners of each group here will be taken to the Virginia Fair in Sept.

HOME COMING

Every week in the local newspapers we read of
 some family reunion. These reunions are very in-
 teresting and enjoyable in keeping alive the gene-
 alogy and relationship of family names.

Instead of meeting and having your reunions
 at different localities every year, why would it not be
 a good idea to meet every year at the POCAHON-
 TAS COUNTY FAIR and have your family reunion,
 and also enjoy the Fair and its exhibits? There is
 sufficient room on the grounds for a picnic dinner,
 either on the upland in the rear of the grand stand or
 along the banks of the Beautiful Greenbrier which
 flows along the entire eastern border of the fair
 grounds. As many reunions as would want to meet
 would have plenty of room on the grounds.

Why not make it an annual affair, starting this
 year?

The Fair will soon be here, and when you are
 getting ready to bring your exhibits of food pro-
 ducts, grains, needlework, and other things, do not

FARMERS TO BE ASKED TO JOIN COUNTY FARM BUREAU

The Pocahontas County Farm Bureau announces its intention of inviting every thinking farmer in the county to join the Pocahontas County Farm Bureau organization in a county-wide drive, following a one day training school to be held May 28th.

There never was a time when it was more vitally necessary for all farmers to unite together to protect and promote their interest. We believe the farmers of Pocahontas County will rally to the great opportunity they now have to individually aid in establishing a permanent policy of agriculture.

"What is the Farm Bureau and what does it stand for?" is a question often asked. It is a vast organization comprised of more than 15,000 community units located in 37 states. Its aim is to advance agriculture, and in that, it has become a clearing house on which the thinking farmer depends for information to help him to better understanding of his own business. It enables him to cooperate with his neighbor to solve many problems that cannot be solved by farmers individually. To an increasing degree, it is becoming the voice of the farmer in those problems.

The voice of the individual in this highly organized world, is, as the still small voice crying in the wilderness. It goes unheeded and unanswered. That voice must be united with thousands of others to command attention. The combined influence of many can write justice into the law, stop exploitation, equalize the tax burden, and secure fair returns for the most essential member of society, the producer of food. It would be difficult for the individual farmer to accomplish at the state what

DURBIN FIRST MODEL SCHOOL IN COUNTY

Superintendent Flynn has just received from the state department of education a list of the Standard Schools for Pocahontas county. The highest rating that can be given is to a Model School. Before a school can receive this rating it must have a total of 95 points out of 100, and in addition must have an average daily attendance of 94%. Due to the measles epidemic in the county, Durbin was the only school to be rated as a Model School.

First Class schools must have 90 points with an average daily attendance of 90%. The first class schools are:

Greenbank
Cass
Campbelltown
Marlinton
Seneca Trail
Hillsboro
Greenbrier Hill
Pine Grove—G.
Brownsburg
Frost
Buckeye

Second class schools are:

Minnehaha Springs
Bruffeys Creek
Seebert

GOOD GAMES BEING PLAYED IN MARLINTON KITTEN BALL LE.

Four strong teams have at their schedules in the local ball league, and already the fall looking forward with a great deal of interest to the closest race thus ever taken place in this league.

With the teams evenly matched and led by so able players as Nottingham, "Heavy" Cooper Buckley and Dr. Slaven, Marlinton is promised a great many even entertainment on the high field. Already games of 2 to 1 and 5 to 3 have been staged and enthusiasm has rivaled that of school games.

League games are played on Monday, Tuesday, Thursday and day evenings at 8:45 o'clock and being well attended. Wednesday evening has been left open in schedule for the playing off of postponed games and a little later in season the various teams of the league will cross bats with the 3 from the neighboring CCC camps these open dates.

Mr. and Mrs. Fan and Little Junior, if you haven't attended the games during the past few days, have missed some good ball and I hoped that you will be among the present at the next session.

THREE SCORE AND TEN

The editor of this paper is anxious to obtain a list of those within a radius of 100 miles of Marlinton who have passed the, or are within 12 months of passing, the three and ten mark.

The county superintendent's of-
fice is preparing a record for each
school in the county. When com-
plete this will make up part of the
permanent record system now being
instituted by the Board of Education.
The present record begins with 1910,
and when completed will show each
teacher for the school until 1961. So
far it has been possible in many cases
to list all of the teachers for many
of the schools. A list of teachers
for each school in the county will be
published in *The Journal*, and where
blanks occur or where the teacher is
listed as unknown, people will assist
materially by furnishing the informa-
tion to the county superintendent of
schools. If the office is successful

HAYSLETT'S LAST PLEA

By John Hayslett, Jr.

I have been reading much lately about the \$10,000 Airport and the Marlinton-Richwood Road. The Board of Trade is strong for both of these. The Council is more in favor of the \$10,000 Airport. Let me make a few suggestions before the town makes a move to buy an airport outside the municipality. It should further its own utility up-keep before thinking of anything else. A few examples of bad upkeep are on North Camden Avenue. The largest corporation tax payers are located there, to-wit: The Union Tanning Co, The Chesapeake & Ohio Railway Co., The Axe Handle Factory, and Williams Saw Mill. These firms, along with the residential sections, are not served satisfactorily with roads, light, water

Here are a few things that North Camden Avenue needs: First, one fire hydrant to be located at the Railroad Crossing. The present hose of the Fire Department are not long enough to reach the C. & O. houses, The Axe Handle Factory nor the Saw Mill, much less the residential district on the upper row. Second, one fire alarm box to be located on the upper C. & O. Crossing. The present one is three blocks away, located at the Sam Hinch residence. Third, we need at least three more street lights. At present there are two on the Upper Tannery Row, and four from the Marlin-Sewell Hotel to the Coal Tipple. Last, but not least, we need a week-end w children. A their home

COMING SHOWS

Stuart Erwin, who never has had much luck with his real life bridge, was rehearsing for a scene on the set of the Metro-Goldwyn-Mayer comedy, "All American Chump," which plays Thursday at the Rex and Alpine Theatres.

He plays a rustic lightning calculator who sets out to become bridge champion of the world. The cards were dealt, Erwin studied his hand, and nearly fell from his chair.

He held twelve spades. The script required that he lose the hand!

Spanky McFarland received so many badges, medals and honorary buttons while starring in the Hal

VISITING CITY

Rev. William B. Waters, of Rockville, Md., is speaking each evening in the Marlinton Methodist church. He will continue his special Lenten and revival messages until Easter. He is a vigorous and appealing speaker. Mr. Waters will speak twice on Sundays and each week day evening except on Saturday.

KILLED BY AUTOMOBILE

Peter M. Adkins, aged about 83, was struck by a car driven, it is said, by Earley Porter, of Wytheville, Va., about 3 o'clock last Sunday afternoon. He was rushed to the Pocahontas Memorial hospital, but lived only a few minutes.

Officers who investigated the accident say that Mr. Adkison, who lives in a house built near the road in the Riverside addition, apparently started across the road to get water at a spring. He stepped directly in the path of the car.

Porter, who was enroute to Kingwood, where he is employed on a road construction job, reported the accident to Deputy Sheriff Frank McLaughlin.
